Transforming Homes for the Future

Vibe Smart Homes represents a leading brand in the realm of intelligent living, offering a diverse range of connected devices and solutions. With a focus on user-friendly interfaces and seamless integration, Vibe Smart Homes enables homeowners to easily control and customize their living spaces for heightened comfort, energy efficiency, and security. Its innovative technologies and intuitive Vibe Smart Homes app empower individuals to create personalized smart home experiences that align with their unique needs and preferences.

Vibe Smart Homes offers a range of products categorized into three main segments to cater to different preferences and needs.

VIBEClassic

Vibe Classic embodies timeless sophistication in smart home devices, blending traditional aesthetics with modern functionality. Every product in this category is accessible through the user-friendly Vibe Smart Home app for seamless control and management.

VIBEWi-Fi

Vibe WiFi signifies the pinnacle of wifi connectivity and convenience in smart home tech, leveraging wireless capabilities for effortless control. All Vibe WiFi products can be accessed and managed conveniently via the intuitive Vibelite app, enhancing user experience and accessibility.

VIBEBms

Vibe BMS revolutionizes building management, offering intricate control over energy usage, security, and facility optimization. Accessible via the Vibelite app, Vibe BMS products provide a streamlined interface for centralized monitoring and intelligent decision-making within complex properties.

ALL ABOUT SMART HOMES

VIBEClassic

As we progress towards a more modern way of life, our homes are catching up with the times, with smarter devices that are but an extension of you. Vibe Classic is an aesthetically and technologically advanced system that lets you control your home like never before, all from the comfort of your couch or any of your favourite vacation destinations. Brought to you by the house of vinay electricals, vibe classic is a seamless array of connected smart devices.

As smart homes gain traction, like every new opportunity, they also bring new risks to The fore. Many smart home solutions can pose security risks. We have taken the utmost care to address all your concerns by using military grade encryption. Vibe classic is not just completely secure, but also robust thanks to our always available cloud services. Our experience paired with the portfolio Of high quality products guarantee you a home better than you imagined!

VIBEClassic

4 way access system

1. IN-WALL WIRELESS TOUCH SWITCH MODULES
2. WIRELESS TACTILE PUSH REMOTE

4. VOICE CONTROL

VOICE CONTROL

Control your home with your voice, Vibe Smart Homes works with Alexa and Google assistant

RETRO FIT

Works with the existing wiring in current homes. saves money on installing new wiring.

CUSTOMISABLE

Get into all homes, large and small alike. One Solution for everyone.

USER-FRIENDLY

Extremely simple and intuitive operation. Friendly not just for the youth but also our elders.

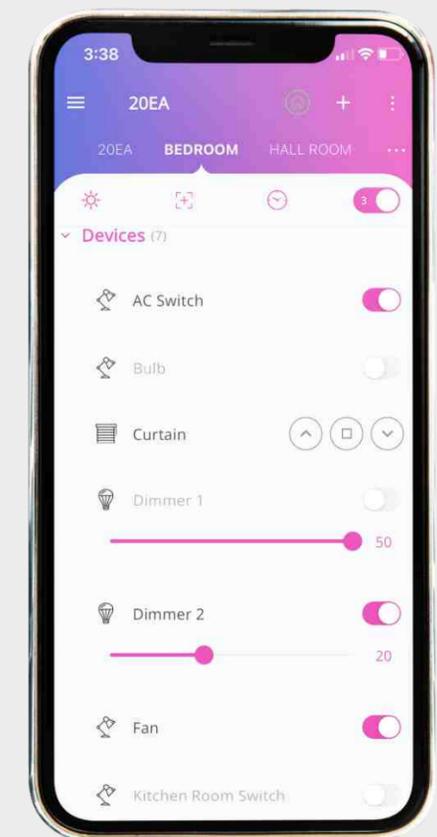

BUDGET-CENTRIC

A system so customisable, every home can welcome it

MADE IN INDIA

Manufactured & Designed in India, Imagined for every Indian Household.

SMART SWITCHES

Vibe Smart Switches are aesthetically made to please the artist in you. The looks are superbly complimented by the intuitive design that will take your breath away. A perfect union of Art and Technology, these glass topped switches allow you to control your home with a little more than just a thought.

- * The four smart switch controls upto 4 devices
- * The two smart switch is designed for high power lighting and other devices upto 16 Amps
- * The smart power switch can control any high power device upto 30 Amps

SMART FAN REGULATOR

Gain control of the air flow with the Vibe Smart Fan Regulators. Smart regulation makes sure your fans will always be in silent mode. Create a lasting impression with the perfect tool you need to for your breezy paradise.

- * Compatible with Vibe Smart Remote / Vibe SmartHomes App
- * Schedules and moods for convenience
- * Style that suits your décor

SMART LIGHT DIMMER

Lights can be magical. Let them enhance your mood, reflect your desire and turn on your ideas. Unmatched ability to play with your lighting allows your imagination to be the only limit. Be romantic, lively or contemplative. The ambience is now just a thought away.

- * Compatible with Vibe Smart Remote / Vibe SmartHomes App
- * Smooth intensity transition for perfect feel
- * Style that suits your décor

SMART CURTAIN CONTROLLERS

Wake up with the sun or stay in bed on a lazy Sunday or create the perfect movie experience. The Vibe Smart Curtain Controllers let you do more with your curtains with just a touch. Vibe enables super smooth curtain controls to go with your schedules, moods or even a whim. Let there be light Or not.

- * Compatible with Vibe Smart Remote / Vibe SmartHomes App
- * Schedules and moods for convenience
- * Style that suits your décor

SMART DOOR BELL

We believe in first impressions. The beautifully designed glass topped Bell is the perfect destination for things to come. The Vibe smart door bell do more than just impress your guest. The state-of-the-art bell can be used along side Vibe Smart Camera's to let you see your guest before you welcome them.

- * Compatible with Vibe SmartHomes App
- * Smooth intensity transition for perfect feel
- * Style that suits your décor

SMART SCENE CONTROLLER

Create the perfect setting every time. Set up a romantic dinner, a vibrant party or a meditation session, all at the touch of a button. The Vibe Smart Scene Controller allow you to set up all your devices exactly how you want them and recall the scene whenever you want. Leaving for work no longer requires you to check on your Water Heater or the Air Conditioner. Simply touch a button and Leave, the Vibe Smart Scene Controllers will do the needful.

- * Compatible with Vibe Smart Remote / Vibe SmartHomes App
- * Fits into existing electrical panel
- * Scene for your moods

VIBE SMART REMOTE

Never leave the couch, unless you want to. Even if your phone is kept for charging desk, be in complete control of all your devices with the Vibe Smart Remote. The ergonomically designed Vibe Smart Remote lets you Instantly transform your home from a party joint to a movie theatre with a mere press of a button. The Vibe Smart Remote, designed for perfection, is guaranteed to bring you the convenience and control you always wanted.

Ergonomic Design

The remote is designed with ergonomics in mind, meaning it is crafted to fit comfortably in your hand for extended use. This design consideration makes it user friendly and comfortable to hold.

Home Transformation

With a simple press of a button on the Vibe Smart Remote, you can instantly transform your living space.

Comprehensive Control

The remote is likely designed to be compatible with a variety of smart home devices, including lights, thermostats, entertainment systems, and potentially more. This comprehensive control capability allows you to manage and adjust various aspects of your home environment.

Ergonomic Tactile Rf Remote

Buttons 5 To 16 Can Be Used To Turn Off Devices

4 Scene button

2 AAA 1.5V Alkaline Batteries

Dedicated All Power Off

Range Upto 10 Meters Line Of Sight

Fan / Dimmer / Curtain Controllers

Compatible With Vibe App

VIBE SMART HUB

Many devices, one master. The Vibe Smart Hub is your online & offline gateway to all the devices in your home. This power packed marvel of technology is at the center of the smart home. The multi-featured Vibe Smart Hub allows scheduling of devices, recalling your favourite scene settings. With restricted access, you can choose who can control which devices and even when. Sorry kids, no more late movie nights! All this in a beautiful package that will certainly compliment your home.

WIFI 8 IN 1 CHANNEL COMBO SWITCH

A harmonious arrangement of a diverse array of smart devices all fitted seamlessly into one combo switch. This switch combines a fan switch, a dimmer switch, four regular switches and a power switch all compressed in one 4 module device.

8-in-1 capacitive feather touch 4 module unit

Fan regulator- 1	
Rated Load- Resistive load	: 200W (Tungsten & Halogen lights)
Inductive load:	: 100W
Dimmer switch- 1	
Rated Load- Resistive load	: 200W (Tungsten & Halogen lights)
LED load	: 100W
On/Off switch- 5	
Rated Load- Resistive load	: 700W (Tungsten & Halogen lights)
Inductive load	: 350W (Fan and Motor)
LED load	: 100W
16Amp switch- 1	
Rated Load- Resistive load	: 2000W (Tungsten & Halogen lights)
Inductive load	: 1000W (Motor),
LED loa	: 200W

WIFI POWER SWITCH

One capacitive feather touch 2module 30amp switch

Convenience, simplicity and an unmatched aesthetic appeal, we take care of it all. The power switch lets you control and schedule all your heavy loads such as your AC and water heaters from anywhere anytime.

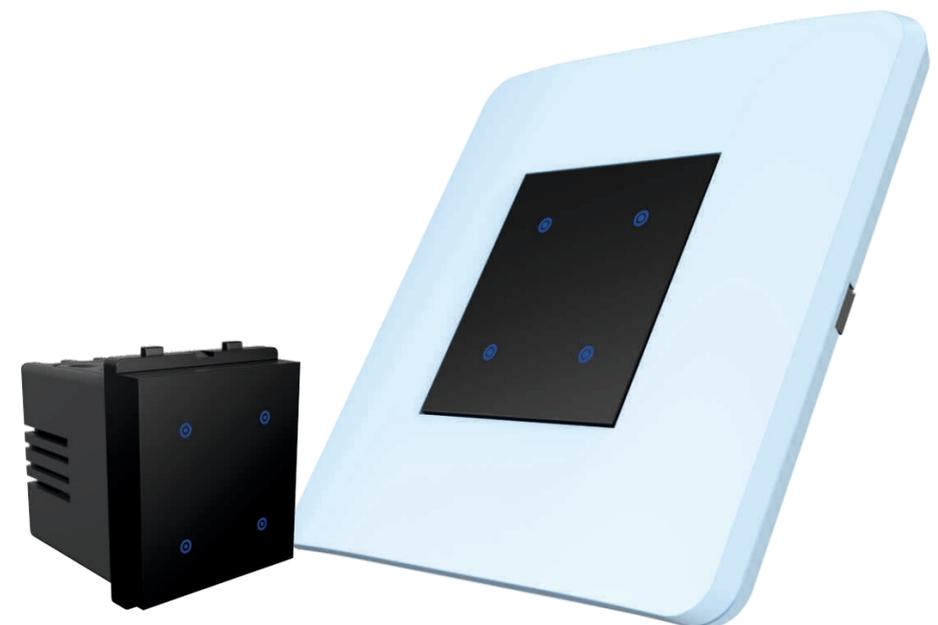

Technical Details

Supply voltage	: 240V AC, 50Hz
Supports	: IFTTT
Rated voltage	: 160-270V AC 50Hz
Wireless Standard	: Wi-Fi 2.4GHz 802.11b/g/n
Power consumption in standby mode	: 0.5W
Supports	: Timer, Schedule, Scenes, Group control
Resistive load	: 4000W (Tungsten & Halogen lights)
Inductive load	: 2000W (Motor)
LED load	: 300W

WIFI FOUR SWITCH

4-in-1 capacitive feather touch 2 module 4 switches

The WiFi four switch module allows you to control four electronic devices for lighting from just about anywhere with the vibelite app on your smart phone. Apart from its multitasking feature, this switch is topped off with a stylish appearance, making it a great fit for any home and design!

Technical Details

Supply voltage	: 240V AC, 50Hz
Supports	: IFTTT
Rated voltage	: 160-270V AC 50Hz
Wireless Standard	: Wi-Fi 2.4GHz 802.11b/g/n
Power consumption in standby mode	: 0.5W
Supports	: Timer, Schedule, Scenes, Group control
Resistive load	: 800W (Tungsten & Halogen lights)
Inductive load	: 400W (Motor)
LED load	: 100W

WIFI DIMMER SWITCH

2-in-1 capacitive feather touch 2 module 10-step Light Dimmer

A dimmer is a great way to set the mood for your home. You can even set a dynamic schedule for your lights while you are away on vacation to mimic your normal routine thus keeping intruders at bay. Choose from a multitude of options to set scenes to go along with the ambiance as well as your schedule. Set the mood for a vibrant evening or slowly dim off at night as you fall asleep, all with a simple command.

BUILDING MANAGEMENT SYSTEM

EXTERNAL UNIT

The External Unit adds great value for any building by providing good access control and protecting every entrance. The Unit comes integrated with a high res video camera and a doorbell. Which is linked to the indoor display unit.

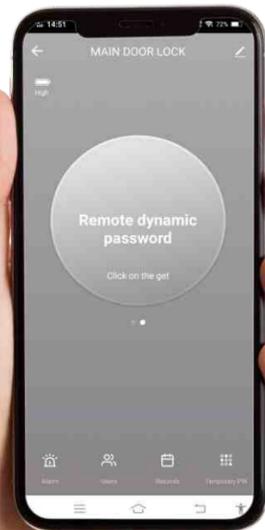

Technical Details

- For 1 family.
- 1 MP Camera, 110°angle view.
- CAT 5 network cable connection, defaulted built-in POE function, easy to install.
- Illuminated doorbell button.
- IP65 waterproof level.
- IR LED light for better night vision.
- Can be powered by POE switch more easy to install.
- Compatible with Android based indoor monitor.
- Digital IP system compatible with Vibelite app.

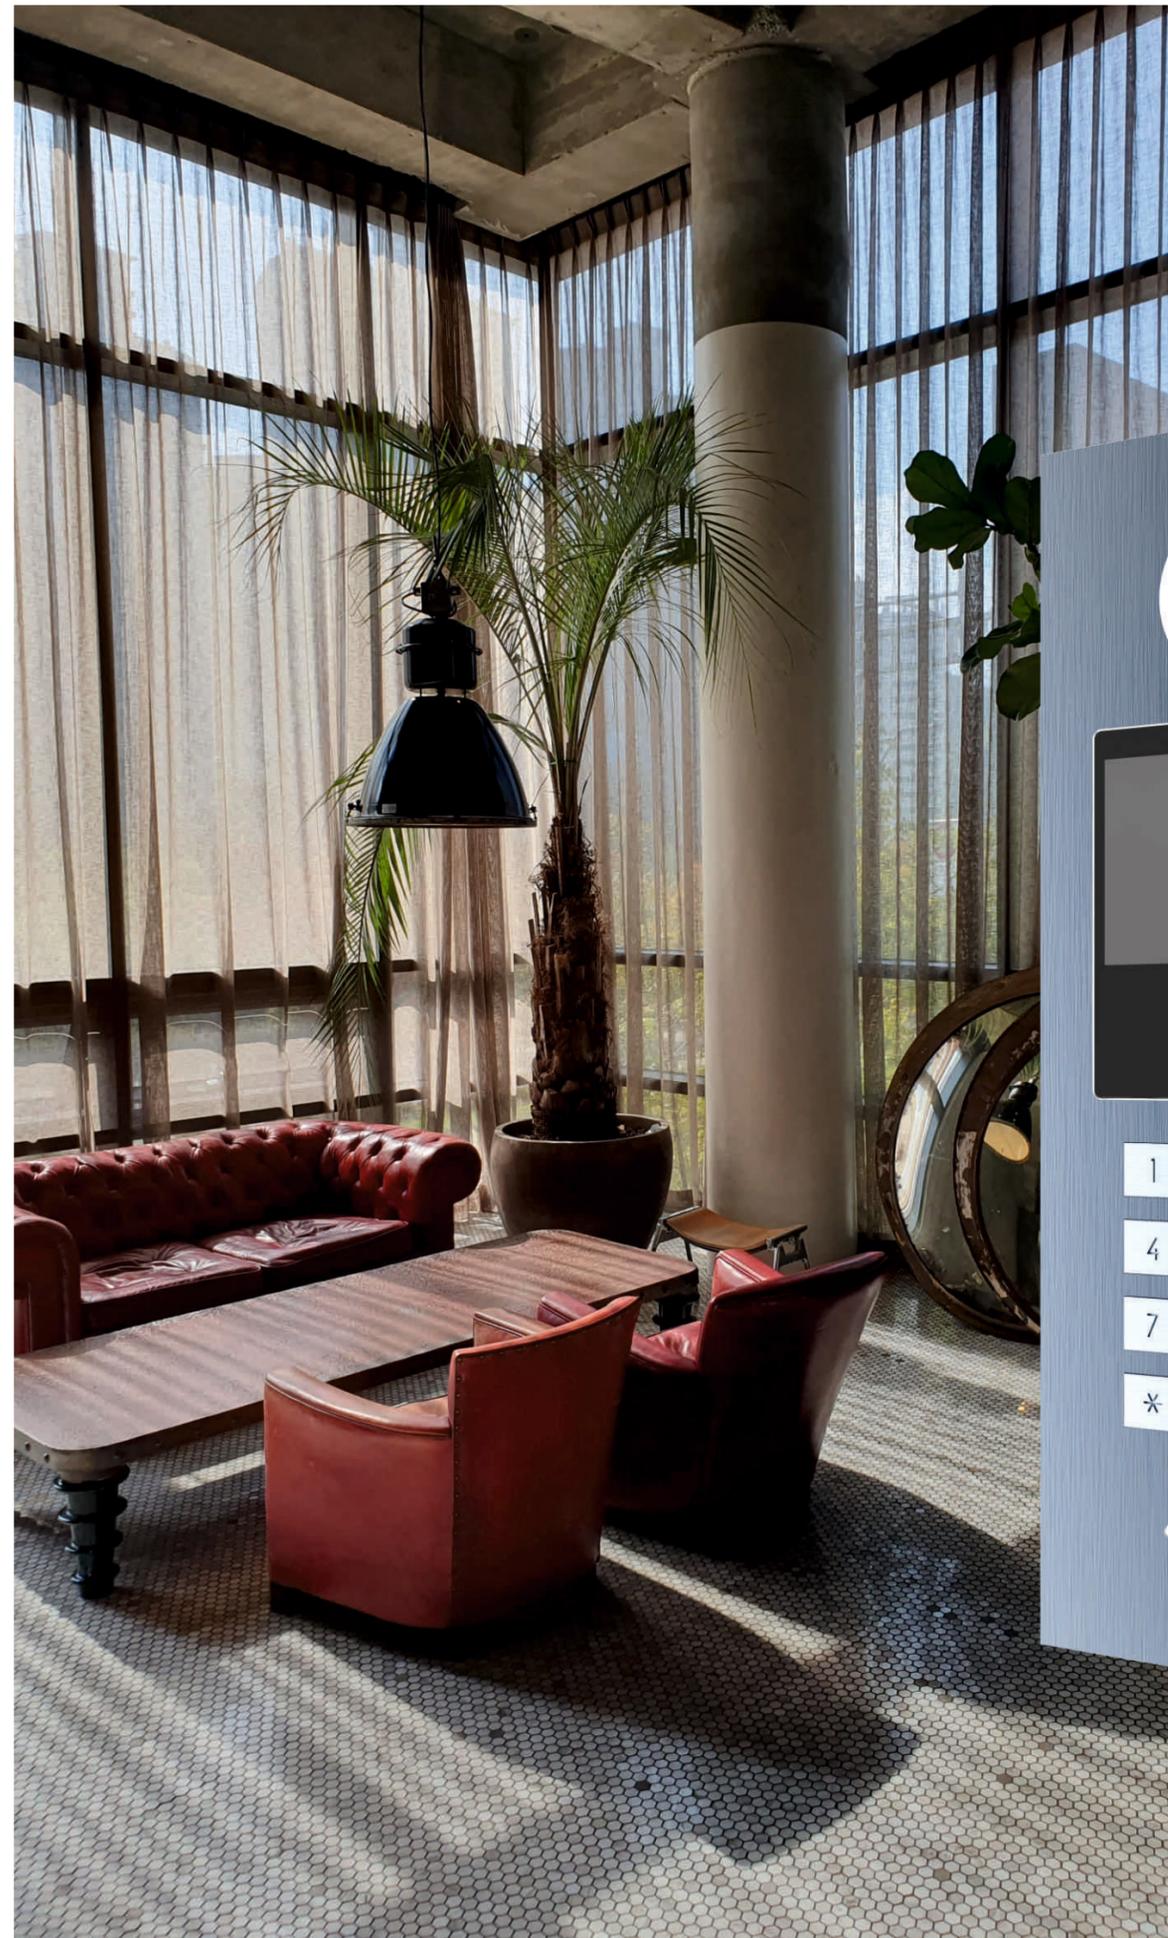

LOBBY UNIT

When it comes to efficient Building Management Systems, the Vibe Lobby Unit is placed at its core. With one of these units in your building's common area you can cover and connect multiple spaces and rooms, allowing you to manage all functions efficiently while improving occupant comfort.

Technical Details

- View Angle 90°.
- CMOS 1 MP Camera.
- Night Vision IR LED light (120°).
- Physical keypad buttons for room number and password unlocking.
- RFID card for unlocking.
- Power Consumption 200mA max.
- Operation Temp -40-+50°C
- Installation Method Flush mount and surface mount.
- Electronic/ Magnetic Lock.
- Waterproof Resistance Ip65.
- Dimension (WxH)140x365 mm
- Digital IP system compatible with Vibelite app..

VIBEBms

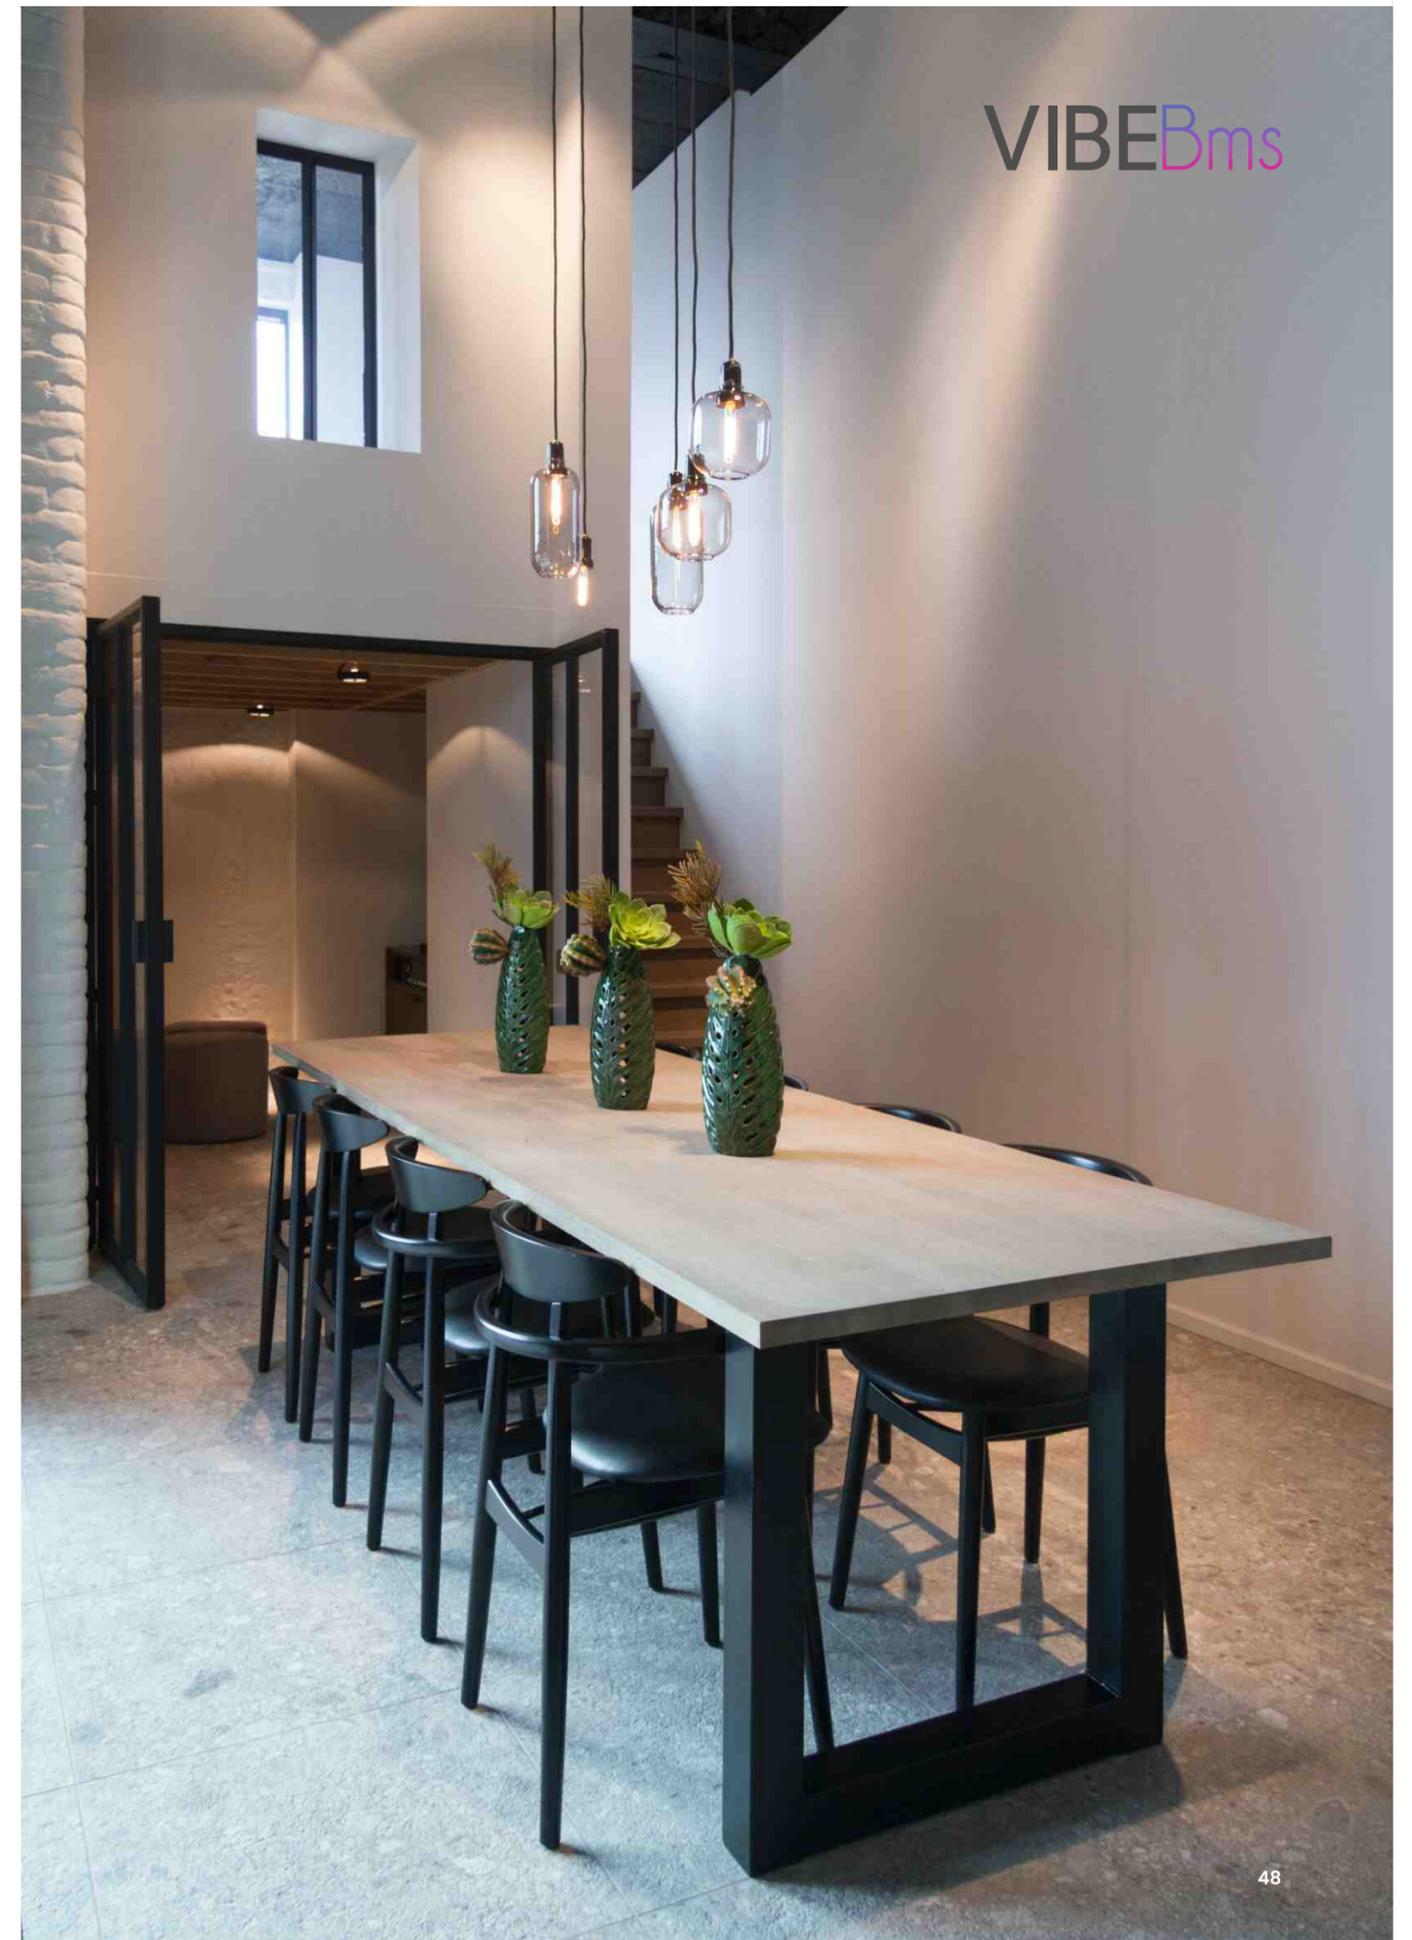

INDOOR DISPLAY UNIT

The indoor display unit is a wall mount solution which connects the residence to the building network. This device runs on Linux operating system and has a display 1024 x 600 display allowing for a clear quality instant visitor video call along with 2-way communication and gate unlock function.

Technical Details

- Door Chime function.
- Gate unlock function.
- 32G large capacity storage supported.
- 7" capacitor touch screen with resolution 1024×600.
- Duplex communication way.
- Supports IP camera viewing function.
- Built in Standard POE, all POE switch compatible with.
- Digital IP system compatible with Vibelite app.

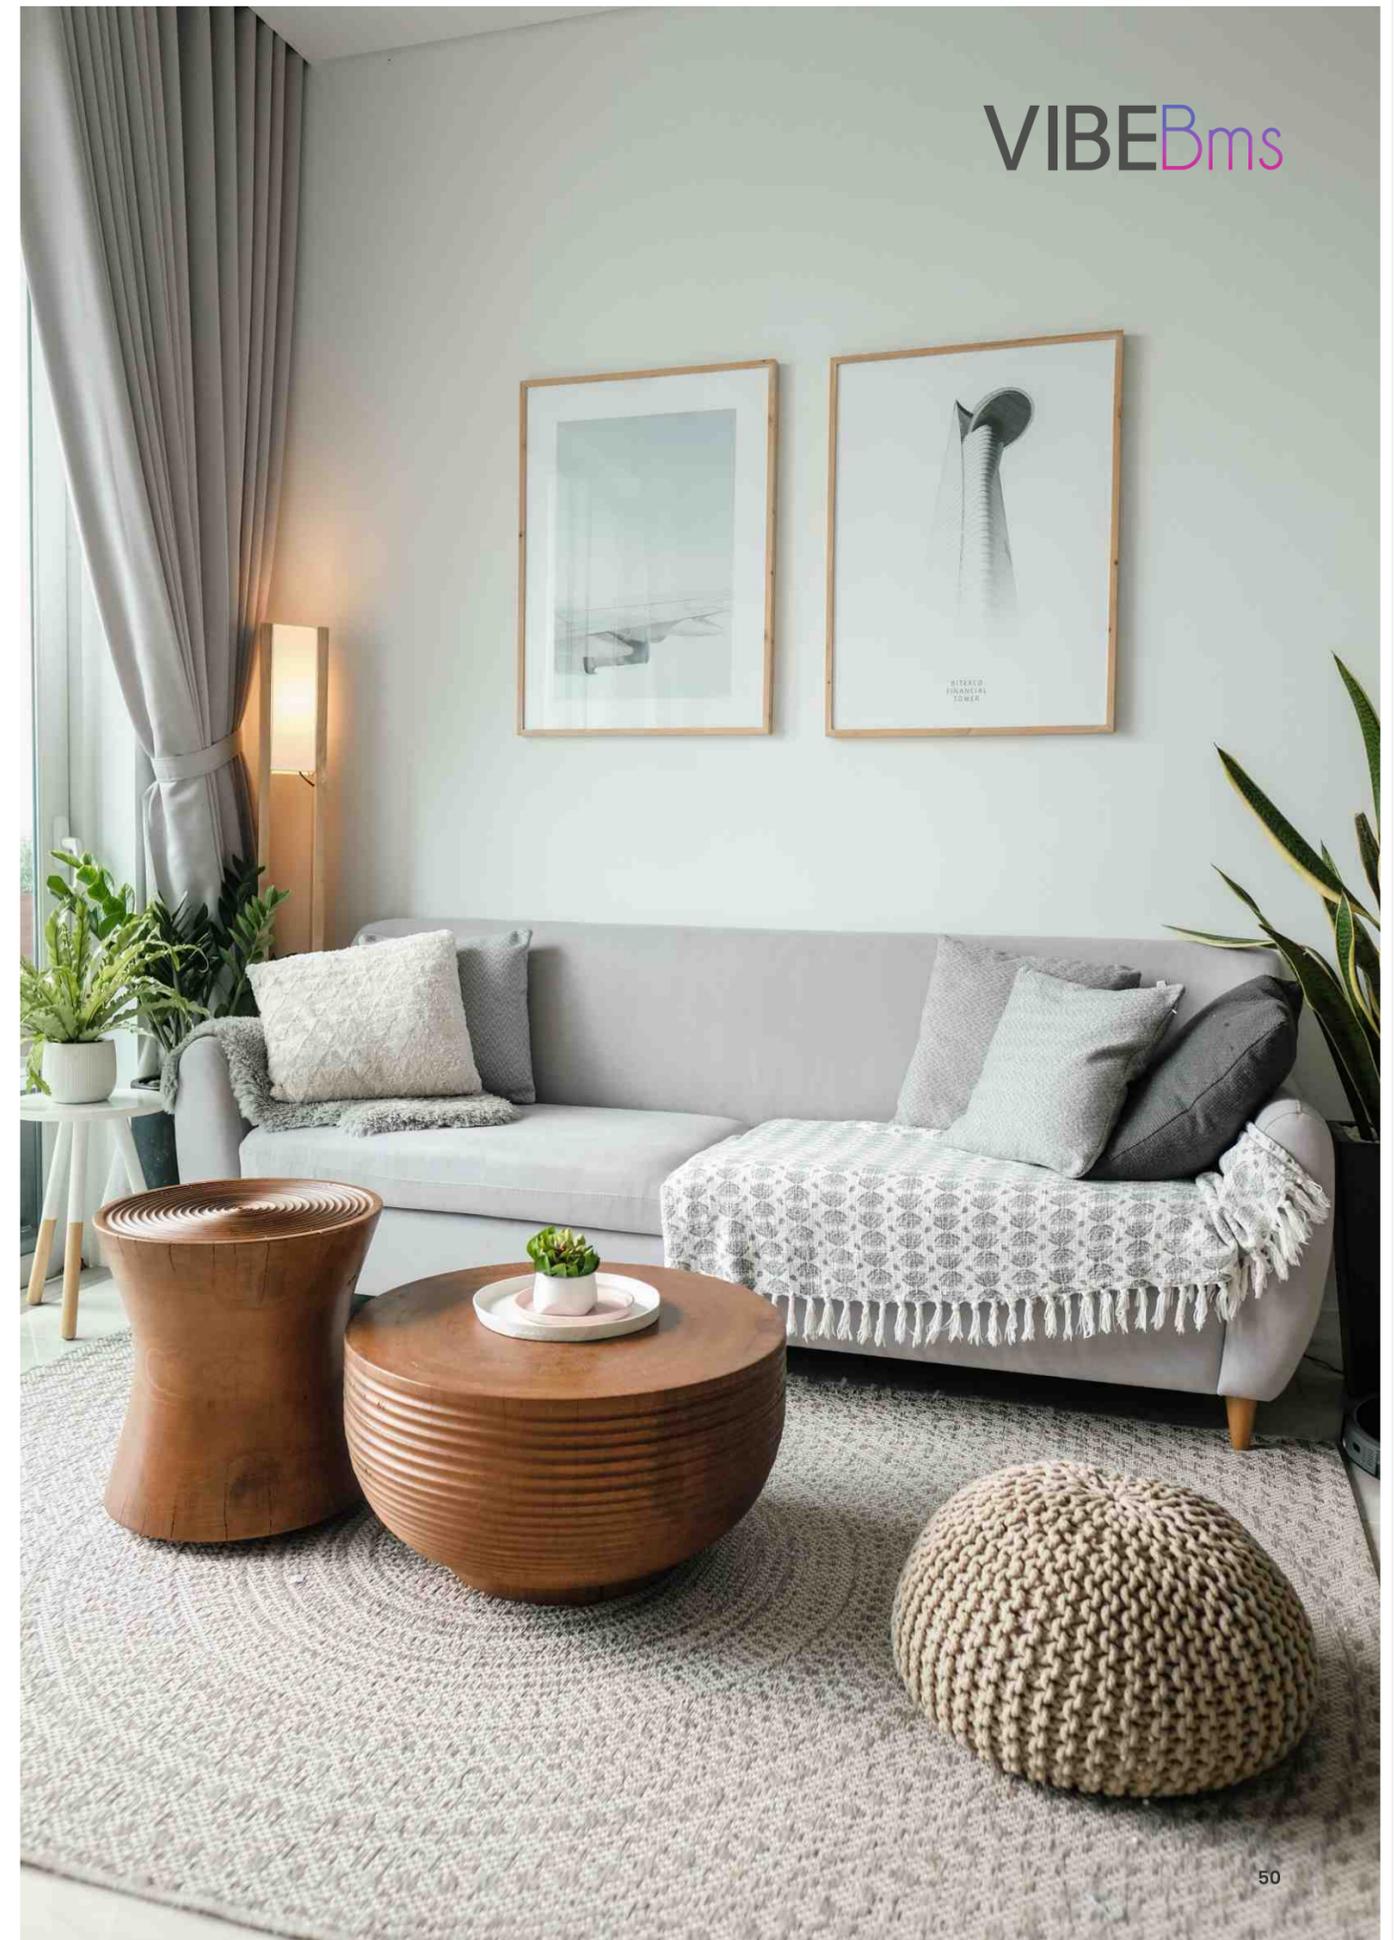

INDOOR DISPLAY UNIT

A Vibe Indoor Unit designed for extravagance! This Premium Metal Finish Indoor Display Unit is exclusively suited to match your unique style and elegance. A fine example of class and comfort for a modern home security system.

Technical Details

- 7 capacitor touch screen with resolution 1024x600
- 32G large capacity storage supported
- Gate unlock function
- Door Chime function
- Duplex communication way
- Supports IP camera viewing function.
- Built in Standard POE, all POE switch compatible with
- Digital IP system compatible with
- Vibelite app.

SMART DOOR LOCK PRO V2

Redefine your safety standards with this state-of-the-art, intelligent locking system. With seamless integration into your home, the Smart Door Lock Pro V2 combines sleek design with advanced technology for a sophisticated and secure entry solution.
